

## INTEGRATE TEACHING STRATEGY

Name of Curriculum: \_\_\_\_\_

Grade Level: 7

Where in the curriculum will you include a CER learning task (e.g. topic, lesson, pages)?

Solving a "mystery" or "crime"  
- making observations  
- drawing inferences

What question will you ask students?

Who stole Ms. B's computer?

~~1.~~ - create a crime scene in the classroom w/  
pieces of evidence

Write an example of the Claim, Evidence, and Reasoning (if applicable Rebuttal) that you would like your students to construct.

C: I think Mr. C stole the computer.

E: The footprint matches Mr. C's shoe size.  
The strands of hair match his color + length.  
Mr. C was seen walking w/ a computer.

~~Rebuttal~~

R: The evidence found aligns very closely to Mr. C, but not to the other suspects.

By process of elimination, Mr. C is the prime suspect.
